Trial Exposure

I have tried over 100 jury cases to a conclusion.

The most important, 1970, Williams v. Bon Air Hospital. This case resulted in the first million-dollar verdict in a medical malpractice case in California.

Anderson v. PG&E. In two trials lasting over seven months each. Verdicts were received in the amount of \$131,000,000 for 40 plaintiffs. These verdicts caused an eventual settlement of the entire litigation for \$333,000,000.

Orozco v. Lockheed. The trial of this case lasted nine months. The jury deliberated for three months only to find themselves hung eight to four for plaintiff. The case was retried (for seven months) and verdicts were received in excess of \$10,000,000. These verdicts for the initial 25 plaintiffs caused the case to be settled for \$90,000,000.

Perrett v. Syntex. This case resulted in a \$4,000,000 verdict. The case concerned the failure of the defendant to properly calculate sodium as a needed element in newborns.

Liston v. St. Francis Hospital. This case resulted in a \$17,000,000 dollar verdict for the failure to monitor thyroid in newborns. We are informed that the potential problem has been corrected at all laboratories doing the testing.

Bienfield v. KLM. This case resulted in a \$2,000,000 verdict to the family of the B-1 Bomber chief test pilot. Changes in the cockpit evacuation system of the B-1 were changed

I have handled more than 300 settlements in the seven- and eight-figure dollar range.

Class Action Experience

I have been approved by the Court to be lead counsel in numerous class action cases. The most notable is the Sempra Energy case on behalf of the rate payers of California. The matter resolved two months into trial for \$1,870,000,000.00. I personally negotiated with the Chairman of Sempra for more than seven months to arrive at the extraordinarily complex settlement.

Approximately 18 months earlier, I was lead attorney in the El Paso Natural Gas case which was also brought on behalf of rate payers in California. That case settled for \$1,500,000,000.00 after years of litigation.

In the Rent-A-Center class action case, we were able to obtain a \$67,000,000.00 settlement. Although the value of this case is much lower than many other class actions we have handled, the resolution was extraordinarily satisfying since the case settlement went to people of very modest means who had rented television sets. For some of these very nice people to get a check in the mail for \$1,000, it meant a great deal.
